Conrad Schumacher is returning for the third, and final 2017, FEI Training Series with the goal of providing international level coaching to FEI (international divisions) professional and adult amateur riders. Not only is this a great opportunity for qualified riders, it is also a fantastic opportunity for auditors to watch Conrad implement some of the training techniques he has used so successfully during his career. Enhancing the rider's physical and mental awareness to create maximum harmony with the horse is the cornerstone of Conrad's training philosophy developed through training the horse with the classical training scale as the basic foundation. Conrad has an exercise for almost every training problem to improve performance.

Format: Rides will be 45 minute private lessons.

Rider Applications: Applications can be found at: www.houstondressagesociety.org.

Schedule: The ride schedule will be posted on the HDS Web site and on Facebook
