### Rule Changes, what you need to know!! Yellow Cards, what you need to know!!

If you're a current competitor in USEF recognized Dressage competitions, you're aware that there is a maze of rules to follow.... you're aware that they keep changing and you're aware that it is technically your responsibility as a competitor to keep up with them. All of this is fundamentally true.

In a flashback to the "old days" in the '80's and '90's, I remember when the eventing (CT) rulebook looked like an encyclopedia. They had a rule definition for any and all scenarios, some that hadn't even happened. Meanwhile, our bible, The Dressage Rulebook was sensible, maybe even a bit vague. Not many were needed. I was so proud of Dressage; *I long for those days*.

Truthfully, I have empathy for TD's who have to keep up with all the changes. Not an easy job, I'm sure.

Clicking this link takes you to the entire rule book for USEF; then click on the Dressage Division to see all the rules in play (rule changes are in red).

### https://www.usef.org/compete/resources-forms/rules-regulations/rulebook

For competitors, understanding these rules is imperative. Case in point: there was a debacle that happened at our Region 9 Championships early in Oct. concerning a rule change that went into effect 9/1/24 causing an elimination plus a yellow card for a competitor. The good news (sort of) was this debacle happened on an open warm up class and not a Championship. The bad news was this was a real slap in the face to an honest, educated competitor. A good winning score got wiped, as she got eliminated for a crownpiece that had just been deemed illegal on Sept 1. The crown piece in question was designed for an adjustable fit and manufactured by Waldhausen Gen x). It was *marketed for the comfort with additional practicality for difficult to fit horses.* On Sept 1, the Rules Committee sent a directive stipulating that crownpieces with interrupted padding or padding of uneven thickness on the underside are not permitted.

Here's a picture of the crownpiece in question at the Region 9 Championships:

It would be my hope for the future, that companies which design innovative "different" equipment could get approval before marketing. And conversely, it would be my hope that, unless there is an extraordinary rule change for an extraordinary issue, that rules would not be changed midstream of the competition year, causing potential confusion.

Next page shares rules about yellow cards, elimination, and who's in charge.

## Rules Cont.: From the TD page on USDF:

#### WHO CAN ELIMINATE THE COMPETITOR AND FOR WHAT?

This descriptive list is an aid to the TD in recognizing who has responsibility for eliminations. Judge elimination concerns are in red, competition management in blue and shared, either the judge in the ring or competition mgt. outside of the ring in green. Warning Cards are in purple.

## Yellow Card Directives from USEF:

## YELLOW WARNING CARD

Important information to know about the issuance of a Yellow Warning Card:

- 1. A Yellow Warning Card must be issued to the alleged offender at the competition otherwise it is invalid
- 2. A Yellow Warning Card can be issued for minor offenses only and should not be used for abuse or major infractions of the rules.
- 3. A copy must be sent to the Federation with the Steward or Technical Delegate report
- 4. The Federation will contact the alleged offender so that they may respond to the card
- 5. The Federation may determine that a Charge or Administrative Penalty is warranted upon further review of the Warning Card
- 6. An individual who receives 3 Warning Cards within a 16-month period will be subject to a fine or Charge.

## Additional points to know about rules:

• If you are showing in a dressage show that is *breed specific*, the dressage rules for that breed supersedes our "regular" dressage rules.

Rules Cont.:

• Realize that rules for USEF (national) shows can be different from FEI (international) shows.

Competing in international tests at a national (USEF) show and competing in international tests an international (FEI) show may have different rule requirements. USEF tries to make their rules similar and in line with the FEI, but not everything is the same. Case in point, *CLIPPING WHISKERS!!!* Forbidden by the FEI, but not USEF. Therefore, if you are in a PSG class in an open USEF show, your horse is welcome to a shave, if you so choose.

## Highlights from the Region 9 GAIG/SWDC Championship & Open HDS Show Oct 3 – 6, 2024

Some 1000+ rides, with 6 arenas, 10 judges and a host of activities defined the Region 9 Championships this year. Along with the competition, each night had something special in store for competitors. Thursday night was and educational night. Wine and cheese during an informative question and answer with TD, Arlene Gaitlin. Friday night was particularly special, as everyone was invited to Julia Peacock's bridal shower! Mom, Susan Peacock, outdid herself providing a great party with food and drink to a packed house of guests! Saturday night there was a Special Entertainment segment with students from the Woodlands Equestrian Club performing a superb quadrille. After the entertainment there was an excellent dinner. Theme for this year's Championships was "Bright Lights of Broadway" with so many clever stall decorations. Great show, tons of work behind the scenes! We owe loads of thanks to all those involved!!

## Expect the Wrench: Goal Setting and Planning in Dressage's Unexpected Hurdles

October 16, 2024

Illustrated by Susan Difelice By Sally O'Dwyer

**Picture this**: You've meticulously planned your dressage goals for the year, carefully plotting out each milestone on your calendar. You're cantering down centerline, ready to nail that flying change you've been practicing for months, when suddenly your horse decides today's the perfect day to channel his inner rodeo star. Or you go to bring in your horse from the field and he has a nasty gash in his leg, derailing your competition plans. Or, just as bad, the inner critic in your head is telling you that you are never going to be good enough to reach your ambitious goals. Welcome to dressage, where the path to achieving your objectives is about as straight as a drunk spider's web!

Even with the most carefully planned goals and meticulously penned "by when" calendar dates, riders experience "wrenches" – unexpected obstacles that can bring progress to a screeching halt. The term "wrench" comes from the phrase "throw a wrench in the works," evoking the image of a tool tossed into machinery, causing it to break or stop entirely.

Wrenches manifest as physical issues with our equine partners – lameness, injuries, or mysterious ailments that only horses seem capable of acquiring. Riders aren't immune either; a loss of confidence following an unplanned dismount, physical injuries, or loss of a trusted trainer can all throw a wrench in our dressage aspirations. Financial constraints or sudden time limitations due to personal

Illustrated by Susan Difelice

financial constraints or sudden time limitations due to personal circumstances can force us to reassess our goals. Limited access to suitable training facilities during bad weather can disrupt our carefully planned routines and training schedules.

Speaking of wrenches, I became best friends with gravity – off a ladder, not a horse! One broken leg later, and suddenly my dressage goals were replaced with mastering the art of crutches. Talk about an unexpected dismount! Being sidelined for such an extended period was frustrating and disheartening. All my carefully laid plans and goals for the season were suddenly on hold.

The key to navigating these challenges lies not just in how we respond to them, but in how we plan for them from the outset when setting our dressage goals.

### Strategies for wrench-wrangling in goal setting:

- 1. **Embrace the "Margin of Safety"**: When setting timelines for your dressage goals, build in extra time. Think you'll master that half-pass in six months? Set your goal for nine. It's not pessimism; it's smart planning that accounts for potential setbacks.
- 2. Adopt the "Long Journey Perspective": When setting your dressage goals, remember that dressage is a marathon, not a sprint. Treat each wrench as a plot twist in your epic equestrian novel. Your goals should reflect this long-term view, focusing on sustainable progress rather than quick wins.
- 3. **Feel the feels, but NO wallowing**: When a wrench disrupts your plans, give yourself a moment to feel frustrated or disappointed, but then shift your focus to reassessing your goals as objectively as possible.

**Evaluate options**: Sometimes, the best course of action might be to take a step back, allowing yourself time to regroup and return with a fresh mindset and adjusted goals. At the same time, don't wring your hands and do nothing if a decision needs to be made about your training plan. Doing nothing, while it might not feel like it, is a decision.

- 4. **Be flexible**: This might mean adjusting your timeline, breaking down your goals into even smaller steps, or finding alternative paths forward. Your goals should be adaptable to changing circumstances.
- 5. **Seek advice**: Consult mentors, trainers, or experienced peers when setting and adjusting your goals. Remember, you're not alone in facing these challenges, and others have valuable insights to share.
- 6. **Focus on what you can control**: When setting goals, emphasize aspects of your dressage journey that are within your control. Try to find the lessons in each experience. Every challenge is an opportunity to gain knowledge and improve your goal-setting process.
- 7. **Regularly reassess and adjust your goals**: As you progress in your dressage journey, your goals will evolve. Be open to changing your objectives based on new insights, experiences, or circumstances.
- 8. **Find the Silver Lining**: Sometimes, a wrench is just the universe's way of saying, "Hey, you might want to rethink that goal!" Use these moments to reassess and potentially improve your goals.

### The Unexpected Benefits of Wrenches in Goal Setting

During my forced vacation from the saddle, I discovered the joys of armchair dressage by:

- Binge-watching more training videos than Netflix shows, giving me new ideas for future goals.
- Becoming a pro at visualizing perfect rides (hey, in my head, I never miss a transition!), a valuable skill for mental preparation and goal achievement.
- Building a dressage library that would make any bookworm jealous—check out <u>www.Thriftbooks.com</u>. You can find dressage books for a couple of bucks, expanding your knowledge base for setting informed goals.
- Working with physical therapists helped me learn more about the importance of muscle strength and fitness in riding, leading to new fitness-related goals.

And when I finally got back in the saddle? Sure, I had some newfound wobbles, but I also had a deeper understanding of theory, a fresh perspective on the journey, and more realistic, well-rounded goals. Not all wrenches are entirely negative for our goal-setting process. Sometimes, setbacks are blessings in disguise, preventing us from making mistakes or heading down the wrong path with our goals. They can provide opportunities for growth, leading to unexpected positive outcomes or realizations that we might have otherwise missed. We can turn challenges into opportunities for growth, deepening our connection with our horses and our understanding of this beautiful discipline, all while refining our goal-setting skills. So, the next time a wrench threatens to derail your dressage dreams and carefully set goals, take a deep breath, adjust your metaphorical helmet, and ride on. After all, the art of dressage isn't just about perfecting your half-pass; it's about mastering the dance with whatever partner life throws your way – be it your horse, a challenge, or yes, even a wrench. And with each unexpected turn, you'll become better at setting realistic, flexible, and achievable goals.

May your transitions be smooth, your circles be round, your goals be <u>SMART</u> (Specific, Measurable, Achievable, Relevant, and Time-bound), and your wrenches be... well, manageable!

## **Resurrecting the Anything Goes Entertainment Freestyle**

By Ashley Shaw; and Fran Kehr contributing

The USDF Region 9 Championships have been the largest show for our Region since the 80's,

when the show merged with the Southwest Dressage Championships. Saturday nights have historically

had a competitors' banquet featuring entertainment. This year's entertainment hopefully has inspired other riders to embrace the fun in dressage competition. What was intended to be a homage to the

**Anything Goes Freestyles** of times past became a lovely exhibition from some Region 9 junior riders and

the Woodland's Equestrian Club Drill Team!

Woodlands Equestrian Club Drill Team Coach and Head instructor, Elena Lemm, has been a lifelong rider. Elena currently oversees the lesson program at Marta Renilla's Woodlands

Equestrian Club. The lesson program currently serves 120 students through lesson horses and those privately owned. The Drill Team rode to songs from the original Cats Broadway show to stay on theme for this year's

Championships, "Bright Lights of Broadway". Ruby Lewis also rode to

songs from Harry Potter and the Cursed Child. These riders embraced the spirit of the season and included costumes in their

exhibition rides.

#### WEC DRILL TEAM PARTICIPANTS INCLUDE:

Ashley Lemm riding Fala Avery Walton riding Turner Charlotte Jenney riding Katrina Marin Gambrell riding Sapphire Arianna Jasso riding Tulsa Aryanna Allen riding Galaxy

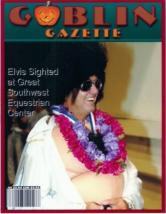

I had never seen or heard of anything like this before. Basically, it was a freestyle class of various levels, having costumes and decorated horses.

I suggested this for our next HDS Recognized Show. It was a resounding success, with the first Anything Goes having about 10 different routines. There was a cowboy and Indian routine, a *giant horse and tiny pony* doing a routine to the music of "Me and My Shadow". There was a Pas de Deux of colonials, and so many different routines over several years that I can't even remember...

In my routines over three years (that I can remember), I did a solo freestyle dressed as Harry Potter; following year with two former HDS members, Sandy Locke, and Suzette Kyle we dressed as The Supremes (great music!); Sandy and I did Hawaiian Chicks to Elvis music (my husband, Bruce Kehr was Elvis!!!) and, one of the best was when Sandy, and I did Sonny and Cher (also great music!).....

Sandy Locke & Fran Kehr rocking Hawaiian to Elvis music

Bruce Kehr as Elvis Lip singing working the crowd GSWEC printed Elvis Sighting!

Fran as Harry Potter rocking to something

Whatever your imagination and creativity, we hope that the Anything Goes Freestyle Exhibition can once again grow!! Standby or details on the perspective date. Despite the many rules that USEF puts in place to ensure a strict amount of fun without breaking rules, many other competitions host similar events with success. Details will continue being posted in Collective Remarks

Sandy Locke, Fran Kehr, & Suzette Kyle Rocking to the Supremes

Another group doing something!! (found picture but no info... 22 yrs ago!)

Lots of planning goes into putting together a performance like this, so start thinking now!

For those interested in participating next year, please contact the HDS event coordinator, Ashley Shaw at ashawdressage@gmail. com.

## WHAT'S NEW FOR 2025?

### Fees are going up!

Dues and Fee Increases for the 2025 Membership Year Please be sure you are using the correct membership and horse registration forms, as dues and fees are increasing, effective December 1, 2024. Failure to use the appropriate forms will cause delays in the processing of the competitions results.<

Great American/USDF Regional Championship Qualifying Fee Change The Great American Insurance Group/USDF Regional Championships qualifying fee for 2025 Great American/USDF Regional Championship qualifying classes has increased from \$15 to \$20.

USDF Non-member fee Change The USDF Non-member fee has increased to \$55 (Effective October 1, 2024.)

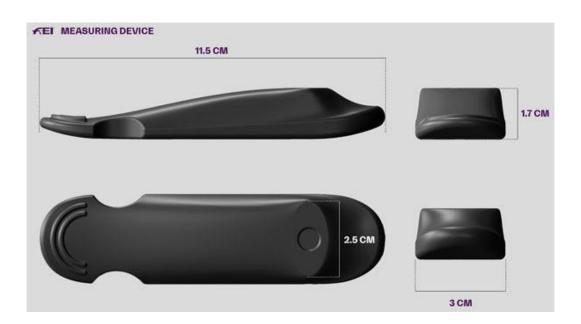

### New for FEI.... Not yet with USEF but expect them to follow!

Update on FEI Measuring Device for the control of noseband tightness at FEI Events

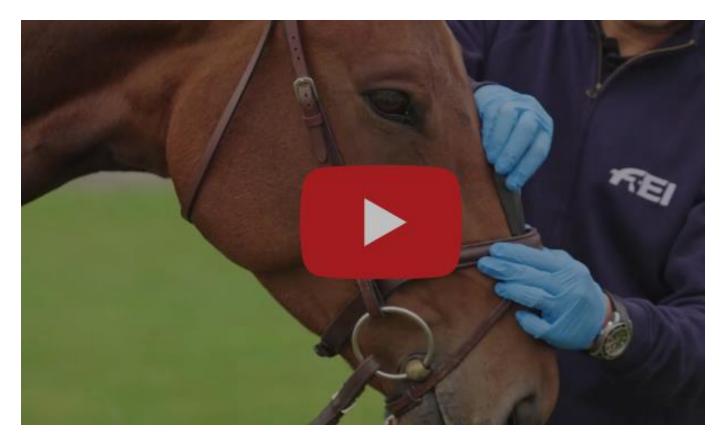

Following a successful testing phase, the design of the FEI Measuring Device has now been finalised after more than 600 tests were conducted at FEI Events across the disciplines of Jumping, Dressage, Eventing, Endurance and Driving.

The tests were well accepted by the participating Horses, Athletes, Grooms and Officials.

The tightness of nosebands at FEI Events across all FEI Disciplines, will be assessed using the following FEI Measuring Device designed by the FEI in collaboration with external experts.

The FEI Measuring Device is a pass-through tool that is inserted under the noseband, over the nasal bone, and drawn through from top to bottom. The test is quick and straightforward, taking just a matter of seconds to complete.

If the device passes through, the noseband is loose enough. However, if the device cannot pass through easily, the noseband is considered too tight and the consequences outlined in Art. 1044.8 of the FEI <u>Veterinary Regulations</u> will apply.

The FEI Measuring Device will be rolled out <u>gradually</u> at FEI Events in the first quarter of 2025.

The FEI Measuring Device will be available for purchase by anyone and further information will be provided in that regard at a later stage.

## What's new about Throat latches:

**Explanation from Arlene Gaitlan** 

Basically, all bridles, except the Micklem, will require a throatlatch. Examples include the Tota Comfort System and PS of Sweden Pioneer. In Annex A, the PS of Sweden Nirak does not require a throat latch, but we anticipate when the FEI updates the tack app (after the Paralympics), it will also require a throat latch and then USEF will follow suit.

Manufacturers are now selling throat latches. Throat latches may be stitched or attached to the crownpiece or browband with a ring, snap, or buckle.

### **Region 9 Adult Education**

The weather here in Liberty Hill is a little cooler today, and I hope it is for you as well! I'm looking forward to some good riding weather! Which got me to thinking about spicy horses in the warm-up. I attended the webinar on Monday about the new equipment updates and where to find them on the website. I ran

across this about vests and hadn't seen this before. So here is something that might be useful. Upon review of new equipment rules on the USDF website, this was found under "Vests". Those of us who grew up with red ribbons in tails to indicate personal space, may wish to add this. Especially for those of us who show with only one warm-up arena! But please take it off before heading down the center line! Riders with safety concerns are encouraged to wear an orange vest. This applies to safety concerns of any kind with horse and rider.

Cheers, Betty

### Fall Horse Care and Riding Tips

Fall can be a beautiful time for horseback riding, with the changing leaves and cooler temperatures. However, it also presents some unique challenges and considerations for horse owners and riders. Here are some fall horse care and riding tips:

**Blanketing**: As the temperatures drop, it's essential to ensure your horse is properly blanketed to keep them warm. Choose an appropriate weight blanket for your horse's specific needs. Monitor your horse to ensure they don't get too hot or too cold.

**Feeding**: Adjust your horse's diet as needed for the colder weather. They may require more hay and possibly additional feed to maintain their body condition and stay warm.

**Hydration**: Ensure your horse has access to fresh, unfrozen water at all times. In colder climates, heated water buckets or tank heaters can be beneficial.

### SWDC Reminder

Each year SWDC keeps a show calendar on our website <u>www.swdressage.org</u>. Any show listed on the calendar is a qualifying show for the fall championship show. Competitors should always check to make sure the shows they are entering are recognized by SWDC for the ride to count as a qualifying ride for SWDC. When competitors enter a show they can identify whether they want the score to count for Pony, Open, Amateur, or Junior. They do not have to enter the same class for it to count. In the past we have had Adult Amateurs win in our Open division. Competitors can ride in a Junior class to be a qualifier for a pony championship class. Rides must be identified and paid for before the ride.

Shows can look at the calendar to make sure their show is recognized and get their recognition number. If a show pays their recognition fee before the end of January their fee is cheaper. Show applications are available on the SWDC website.

Christine Traurig on USA Revamping Dressage Programs to Prepare for Los Angeles 2028 Olympics–Part 1 of 2

United States is revamping its dressage programs to prepare for future team prospects with eyes on the 2028 Los Angeles Olympics.

Sept. 26, 2024

By KENNETH J. BRADDICK

Christine Traurig, expected to have her current role as chef d'equipe extended as leader of America's high performance programs, has set a high bar in pursuing changes to development programs over the next four years to avoid a repeat of this year's preparations ahead of this year's Paris Olympics.

On the U.S. bronze medal team at the 2000 Sydney Olympics, coach of Sabine Schut-Kery on Sanceo who led the American team to the silver medal at the Tokyo Games as well as long-time young horse coach, Christine stresses repeatedly something she admits "sometimes people want to hear it and they don't want to hear it."

But "it so bloody important and in Europe they learn it; they learn to train, they learn to grow up because they learn to train. That coupled with competing. And I will say it until I'm blue in the face. It is so important that the kids learn to train."

The next big test for the U.S. effort will be the World Championships in 2026 in Aachen, Germany, the world's premier horse show that is familiar to many American riders for both Nations Cups and individual performances, including young rider and under-25 levels.

"I mean it is always a dose of reality," Christine told dressage-news.com referring to top sport. "I want to be honest and that comes from a place of passion with a vision-if we have in a developing program and a nine-year-old horse that can score very high at Prix St. Georges and Intermediate 1 but it does not demonstrate a very clear understanding of the higher degrees of collection, meaning piaffe and passage and the pirouettes... both physically and mentally, then it does not do us any good.

"Carl Hester will tell you that. Isabel Werth will tell you that. (German team coach) Monica (Theodorescu) will tell you that. Johnny (Hilberath, who also coaches German team) will tell you that.

"If we look at the future that has to be an important part of our philosophy and has to be part of our strategy when we apply the programs."

She names both Sabine Schut-Kery who was the top scoring American with Sanceo on the Tokyo Olympic silver medal team, and Laura Graves who on Verdades led the U.S. team to silver at the 2018 World Equestrian Games in Tryon and bronze at the 2016 Olympics in Rio de Janeiro, as well as becoming the only American combination to ever rank No. 1 in the world.

Both partnerships began with the horses as youngsters and developed by the riders over years to the pinnacle of the sport.

And Alice Tarjan, the owner of the 10-year-old Jane that Marcus Orlob rode on the U.S. team at the Paris Games. She has made a career of buying young horses and developing them to international Grand Prix.

"Mayday! Mayday!" was the label Christine put on last-minute acquisitions of confirmed Grand Prix horses that were made after the retirements of some of the horses that had been on successful Olympic and championship teams..

Nevertheless, she expressed appreciation for the purchases just months ahead of Paris Games of confirmed Grand Prix horses as prospects for the team.

An issue for the Americas was that until recently there have been only two Big Tour championships in the cycle of four years between the Olympics-the world championships midway. The Pan American Games held once every four years was until recently at Prix St. Georges/Intermediate I level then became mixed Big and Small tours. The annual World Cup is an individual final of the winter circuit centered on the freestyle and limited to a total of 18 combinations, a maximum of three from North America. Whereas, Europe's cycle includes continental championships on years between the Olympics and the worlds.

The next World Championships scheduled for Aachen, Germany in 2026 will, she said, be a "clear indicator" of what the USA will have heading to Los Angeles Olympics in 2028.

"That doesn't mean that at that point we already are perfectly at the peak of their performance," Christine said, "but we better know what we have and it better show that it's going to be good enough in 2028. If we don't have that in two years then we are already two years behind again."

The process of guidance, strategy and coaching for team prospects should begin with European competitions two years ahead of time, as recommended by six-time Olympian Steffen Peters.

"Next year, it's not only what we put together in this country, at the end of the day we get them to Europe and we prepare them and compete on stages that are definitely challenging," she said, "like the Aachens of the world where there's thousands of people in the stands, there's noise, clapping, there's atmosphere."

To achieve this, the pathway programs have to be redefined and revisited.

"If we have a developing program that does not produce more horse rider combinations to step up to the pre-elite and the elite levels," she said, "then we have to seriously think about what the criteria is as to where the right message gets out to riders, horse owners, potential sponsors, of what the purpose of these programs are. And that's from the young horse program to the developing program to the pre-elite and the elite.

With US federation officials Laura Roberts and Kristen Brett as well as George Williams the criteria for the developing program is being rewritten.
